

April 1, 2009

**To: Mid-Continent Area Power Pool (MAPP) RTC Members**  
**Subject: Certification Pursuant to Section 2.1 of Schedule F**

Pursuant to Section 2.1 of Schedule F, “commencing with the date that the Contractor certifies to the RTC Members that the Transmission System of the Transmission Providers is less than 4.585 million MW-miles (based on summer 2001 capacity values), new Transmission Service shall be limited to a term that does not extend beyond the date that is 24 months after the date the Contractor certifies that the Transmission System is less than 4.585 million MW-miles[.]”

In accordance with Section 2.1 of Schedule F, the Contractor hereby certifies that effective April 1, 2009, the Transmission System of the MAPP Transmission Providers will be less than 4.585 million MW-miles based on Summer 2001 capacity values. **Thus, beginning April 1, 2009, new Transmission Service shall be limited to a term that does not extend beyond April 1, 2011.**
